

# Crème De Menthe Glaciale

★★★★★ HIGHEST RECOMMENDATION

*"This should be the only crème de menthe that astute bartenders who care about their craft will want. Excellent all the way"*

*- F. Paul Pacult's, The Spirit Journal*

Fully distilled from botanicals, based on a historic crème de menthe recipe cross referenced from manuals in three different languages for accuracy. Fresh and herbaceous nose with a core aroma of peppermint. Sweet and viscous with genuine minty flavor and a clean finish.
